About Us - *Hakkımızda*

Leon was founded in august 2020 to fill the gap in all other custom made products in any market in the world related to edgebanding such as Screw plugs and glued melamine edgebanding.

The young and dynamic team listens to the needs of its customers from all regions and tries to say "yes" to demands by being flexible and understanding. Leon has been producing pre-glued melamine edgebanding, furniture felts , decorative peel and stick edgebanding, self-adhesive furniture screw caps, self-adhesive furniture felt, veneer edgebanding and edge trimmers since 2020.

With the world's widest color range for self-adhesive furniture screw caps, more than 400 stock colors are aimed at providing the best service to furniture manufacturers. Behind Leon is the production and marketing power of Mobilkant (ASTS Profil) and both companies share the same vision based on "trust".

The main goal is to be an innovative and wonderful place to work with both our colleagues and customers.

Leon Orman Ürünleri, melamin kenar bandı, mobilya keçeleri, vida tapaları, kenar bandı ile alakalı dünya pazarındaki boşluğu doldurmak için Ağustos 2020 de kuruldu. Genç ve dinamik ekibi ile tüm bölgelerden gelen müşterilerinin ihtiyaçlarını dinlemekte, esnek ve anlayışlı davranarak taleplere cevap vermektedir.

Leon Orman Ürünleri 2020'den bu yana tutkallı melamin kenar bandı, vida tapaları, mobilya keçeleri, peel & stick dekoratif kenar bandı ve kenar bandı düzeltici ve traşlama araçları üretimi yapmaktadır.

Mobilya vida tapalarında dünyanın en geniş renk seçeneğine sahip, 400'den fazla stok rengi ile mobilya üreticilerine en iyi hizmeti vermeyi amaçlamaktadır. Leon, Mobilkant (Asts Profil San. ve Tic. A.Ş.) işbirliği ile güvene dayalı ticareti ile aynı vizyonda ilerlemektedir.

Ana hedef müşterilerimiz ile yenilik ve titizlik doğrultusunda çalışarak en iyi hizmeti vermektir.

PVC

Edgebanding

Pvc Edgebanding

PVC (polyvinyl chloride) is one of the best known and most common plastics today. PVC Edgebanding is the most consistent edgebanding product that has been produced for the furniture industry for over 40 years and is still the most widely used in the world today.
